25 June 2013

Shri Vijay Bhahuguna,  
Hon' ble Chief Minister  
Government of Uttrakhand  
Dehradun 248001

Hon'ble Chief Minister

We condole the death of thousands of innocent lives due to the heavy floods and landslides at Rudraprayag district and other parts of the States. While lauding the efforts of all agencies involved, we would like to bring to your attention that the Public Service Employees and uniformed services braved the odds in the relief and rescue operations.

To mobilize financial resources for the rescue and relief operations, the Central, State, Municipal, Local Bodies & Public Sector employees have decided to donate a day's salary and also assist in other ways possible.

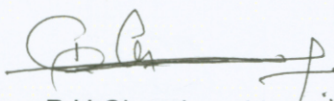

This disaster has brought out the need for strengthening of the National Disaster Management Agency and the Public Services by way of more investment, upskilling and training of the personnel to be effective. There is also a need for more consultations in terms of maintaining ecological balance when building structures like dams in sensitive zones.

The rehabilitation of those affected is a long process and we expect the government to make a comprehensive plan on this.

We pledge our support in the relief and rehabilitation efforts of the government.

With kind regards,

Yours sincerely

  
P.U.Chandrasekhara  
Secretary
