Hugh Lanning
Deputy General Secretary

November 28 2011

Dear Colleagues

NOVEMBER 30 STRIKE ACTION - UK

As unions against punitive austerity measures continue to take action across Europe, PCS would like to offer our support to fellow unions out on strike while showing our own members messages of solidarity from you.

On November 30, it is predicted that 3 million workers from 20 different unions, including PCS, will go on strike in the UK over the attacks by the government on public sector pay and pensions. It is likely to be the biggest strike in the UK since 1926.

We would be most grateful if, as a sign of solidarity, you print off the attached pdf and take a picture of yourself (or the most appropriate person to represent the union) along with the logo for your union/organisation and email it to Natasha Burgess, Campaigns Officer - natasha@pcs.org.uk with the subject line '**solidarity photo**'.

We will then upload the pictures so that our members can see what support we have from our comrades in continental Europe and globally.

If you are soon to take action and would like us to do something similar, please do not hesitate to get in touch.

Many thanks,

HUGH LANNING
Deputy General Secretary
